

# MineDuct®

Wire-Reinforced Ducting

Demanding mine and tunnel ventilation applications require high quality, reliable ducting to perform in extreme underground conditions. MineDuct® wire-reinforced ducting is made of premium PVC fabric for both positive and negative pressure applications. Its durable construction and heavy-duty wearstrip allow MineDuct® to withstand continuous use in the harshest environments. ABC's RipStop substrate technology makes maintenance quick and easy by preventing tears from expanding.

## SPECIFICATIONS

Fabric	13 oz./yd. <sup>2</sup> (441 g/m <sup>2</sup> )
Scrim	9 x 9 RipStop
Film	PVC laminated to both sides of scrim
Color	Yellow
Standard Pitch	3" (7.5 cm) for Exhausting 6" (15 cm) for Blowing
Wire	Hard-Drawn Steel
Inside Diameter	Sewn: 8" - 48" (200 - 1,200 mm) Heat-Sealed: 8" - 36" (200 - 900 mm)
Length	10', 20' (3, 6 m)
Wearstrip	Heavy-Duty, Flame Resistant
End Finish	Wire Rope Coupling (Standard)
Suspension	A-3 Hooks
