

Demanding mine and tunnel ventilation applications require high-quality, reliable ducting to perform in extreme underground conditions. MineDuct® wire-reinforced ducting is made of premium PVC fabric for both positive- and negative-pressure applications. Its durable construction and heavy-duty wear strip allow MineDuct® to withstand continuous use in the harshest environments. ABC's RipStop substrate technology makes maintenance quick and easy by preventing tears from expanding.

SPECIFICATIONS

Fabric	13 oz./yd. ² (441 g/m ²)
Scrim	9 x 9 RipStop
Film	PVC laminated to both sides of scrim
Color	Yellow
Standard Pitch	3" (76.2 mm) for Exhausting 6" (156.4 mm) for Blowing
Wire	Hard-Drawn Spring Steel
Inside Diameter	Sewn: 8" - 54" (203 - 1,372 mm) Heat-Sealed: 8" - 42" (203 - 1,067 mm)
Length	10', 20' (3, 6 m)
Wearstrip	Heavy-Duty PVC
End Finish	Wire Rope Coupling (Standard)
Suspension	A-3 Hooks
